Geslacht: Mare
Geboortedatum: 2010
Schofthoogte: 1.66m
Niveau:
Stamboek: Holstein
Kleur: Dark bay
Fokker: M. van der Linden, Haarle

The daughter of Holstein stud Quintero (by Quantum) was born in 2010. Thijs Meulemeesters who is situated in Boekel, The Netherlands, is currently riding her in competitions. Ceduna originates from a pre-eminently bloodline that contains lots of sport. The bloodline produced 1.50m-horse U-Prova (Laura Kraut) and the 1.60-horses Challenge (Tertu Waldschmitt) and Corradina (Carsten-Otto Nagel), amongst others.

Dam Nena, that has the Bezirksprämie predicate, got six more foals. One of them is the Bezirksprämie mare Vaya Con Dios MvdL. In her turn, she produced two Bezirksprämie- and one Staatsprämie-mares.

Cedunas sire is Quintero (sport name: Quintero la Silla of Quintero ASK). He jumped at Grand Prix level with Swedish Olympic rider Rolf-Goran Bengtsson. Quintero retired in February 2014 during the stallion show in Holstein.
