

Jambala

Geslacht: Stallion
Geboortedatum: 2014
Schofthoogte:
Niveau:
Stamboek: KWPN
Kleur: Black
Fokker: W. Vissers – Gemert

Jambala has a very impressive passport. Dam Pandora is an accumulation of sport genes. Her sire Coronado I jumped successfully at 1.50m-level. He is one of the best breeding stallions by Corrado I and produced, amongst others, the jumpers Bronson with Thomas Jensen (DEN), S.F. Udine with Jennifer Crooks (IRL) and Libelle with Angelique Hoorn (NED). Pandora's dam Narwan is also the mother of Oldenburg and Hannover approved stallion Rouletto (by Romino).

Pandora's most famous offspring is, without a doubt, the 2012 Holstein champion of the four-year-olds: Cascor (by Casall). Zangersheide also approved Cascor. His sire Casall gave him all the right genes.

Jambalas sire is top pedigree supplier Numero Uno. Although is relatively young age already a producer of many successful international jumpers like Tamino(Maarc Houtzager), Tyson (Leon Thijssen) and Take Of(Eric Lamaze).
