Quinta is a Westphalian mare from 2006 that was purchased in 2020 by Stoeterij Vissers. The gray mare comes from the same dam as the Zangersheide approved Clayton de Pleville (by Hickstead). This 2012 stallion had a successful season in Vejer de la Frontera in 2019 under the French rider Regis Bouguennec in the 1.35m classes.

Further down in Quinta's dam line we come across the hauptstutbuch mare Pretty (Pilot x Waldersee). This mare is a proven breeding mare with three of her six offspring in international showjumping. We start with the 1.60m level jumping Camilla IX (by Cornet Obolensky). Camilla IX has been a strong duo with Adrian Schmid for many years. Some results of this duo are:

- 1st in the 1.45m in Donaueschingen (2017)
- 6th in the 1.50m in Wiesbaden (2017)
- 7th in the 1.50m in San Giovanni in Marignano (2017)
- 2nd in the 1.45m in Bonheiden (2016)
- 8th in the 1.60m in Budapest (2016)
- 1st in the 1.45m in Boll (2015) (2015)

- 3rd in the 1.50m Olomouc (2015)

Cosma Go R (by Cornet Obolensky), ridden by Aniek Poels, shows at 1.50m level. The duo achieved a 4th place in the 1.50m class in Rotterdam and Sopot in 2017. Another offspring of Pretty who performs internationally is Doobally (by Cornet Obolensky). Under Emily Ward, this horse has performed well in 1..35m to 1.45m classes since 2015.
