Kylana Blue is a very beautiful filly foal and is quite an appearance. Her mother [Tylana](#) is the daughter of the Holstein bred stallion [Caretino](#). Caretino himself was a succesfull international jumper under Bo Kristoffersen and Ludger Beerbaum. Caretino's line also brought the stallion [Caridor-Z](#), who jumped on international level under Jos Lansink.

Kylana comes from a very strong dam line. Her mothers grandmother is [Tronja \(by Landgraf I\)](#). She produced four approved stallions: [Silbergraf \(by Silverster\)](#), [Lawrence \(by Lantaan\)](#), [Castillion \(by Caretino\)](#) and [Caretissimo \(by Caretino\)](#). The KWPN approved stallion Rubinstein also comes from this line.

Kylana's father is the famous [Zirotto Blue](#). Everywhere he comes he impresses with his power and his way of jumping. He performed extraordinary under Jur Vrieling. He won e.g. the World Cup in Oslo, the Grand Prix of the KWPN stallion show and is included in the Olympic team. His first offspring performs very well, e.g. [Light Blue del Pietriccio](#) who won 6-years old competitions in Arezzo.
