>Hennessy's beautiful bay daughter Lacroix shows a lot of talent for dressage. Her mother is an offspring of the Olympic stallion [Johnson](#), which can definitely be noticed. Johnson is sixth on the World ranking list of dressage, won amongst others team gold on the European Championships in Aachen, where he also won the individual bronze medal. He is still competing at highest level under Hans Peter Minderhoud. He has many approved sons.

Lacroix father, the top stallion [Hennessy](#), was rewarded with great points during the KWPN-stallionshow. He received an 8,5 for talent for dressage. His daughter has inherited his beautiful trot, for which he was rewarded an 8.

Lacroix is sold to Tom Verreijken from Gemert.
